

## Pioneer Madagascar Programme Internship Application Form

In order to apply for a placement on a Pioneer Programme, please provide us with the information set out on this form. Please either type into this form (an expandable Word format version is available to download from [www.madagascar.co.uk](http://www.madagascar.co.uk)) or simply complete clearly by hand. Please use as much space as you need.

Please note that we do not pass on your private information to any other person or organisation not directly associated with Azafady management. We will use the information provided on this form to assess your suitability for the Pioneer Programme and this may include us obtaining a medical opinion from the Azafady team doctor. We will use this information to contact you with information relating to your Pioneer interning experience and/or to contact your friends and/or family in an emergency. By completing this form you are giving us your permission to use the information that you provide for the purposes mentioned above. If you do not wish us to use your personal information for the reasons set out above, please do not continue to complete the form.

When complete, please send a signed hard copy to:

### **32. Health Information:**

**Before filling out the following section, please read the following excerpt from the Memorandum of Understanding that you will be expected to sign to confirm your place:**

Malaria is a serious problem in Madagascar and in some cases it can be life-threatening. The villages where Azafady work are pathogen-rich environments and there is potential to contract various illnesses when working in them. These villages are isolated and it may take up to 24 hours before you can receive medical attention. The regional hospital in Fort Dauphin is basic and if more complicated treatments are required it will be necessary to be evacuated. We recommend you consider these facts when deciding which immunisations to undertake or medication to bring.

By confirming my place on Pioneer, I agree to follow health protection advice that I have gained from a qualified travel health professional. This will include a vaccination programme and a malarial prophylaxis regime:

The malarial prophylaxis I will take will comply with World Health Organisation guidelines. I understand that alternative or homeopathic prophylaxis regimes are unacceptable whilst I am working with Azafady in Madagascar. N.B. It is Azafady's experience that over 40% of Pioneers who choose to take Doxycycline suffer unacceptable sun-sensitivity which affects their ability to work.

All interns must be vaccinated against Tetanus to participate in the Pioneer Programme. We also advise you to be vaccinated against Typhoid, Meningitis, Hepatitis A & B, Rabies and Polio but up to date professional advice must be sort.

Please note it is your responsibility to inform your insurance company of any pre-existing medical conditions or your insurance may be found to be invalid.

Please answer all the questions in Table 1. For every question you answer yes to, please complete a separate copy of Form A to provide details.

**Declaration**

I declare that to the best of my knowledge the information I have given in this application form is correct.

- I declare that I have never been convicted of a sexual offence, or dismissed from a post working with children, the elderly or disabled for malpractice.
- I will not hold Azafady liable in any way for any accidental or medical emergency that occurs. I will obtain insurance that covers me for any foreseeable emergency for the entire duration of my trip. I understand that I must declare any pre-existing medical conditions when taking out a policy.
- I understand that once I arrive in Fort Dauphin then Azafady may only cancel the programme in the case of an act of god or civil disturbance which would cause danger to my or other persons' security if the programme were to continue. I understand that I may be required to pay additional costs to repatriate myself and confirm that I will obtain insurance to cover such costs.
- I agree to behave appropriately with cultural sensitivity and due consideration for other interns, Azafady staff and local communities. I understand that I will be asked to leave the programme if my behaviour is regarded as: repeatedly inappropriate or anti-social, a gross misconduct, bringing the organisation into disrepute or the personnel and/or other interns into danger.
- I agree to action medical advice gained from a qualified travel health professional with respect to an appropriate vaccination programme and W.H.O. recommended malaria prophylaxis.
- I understand that the Pioneer programme lasts for ten weeks commencing upon my arrival in Fort Dauphin Madagascar and at the end of that ten-week period Azafady is no longer in anyway responsible for providing me with meals, accommodation or assistance should I choose to remain in Madagascar until the end of the 90 day visa.

I understand that, if accepted, Azafady has the right to ask me to leave the programme at any time, without any course to compensation or refund of any monies paid or donated, if I fail to comply with these and any other conditions detailed on the Memorandum of Understanding that I will be required to sign to confirm my place. I understand that if I am asked to leave the programme then Azafady may choose to contact the Malagasy authorities and my visa to remain in Madagascar may be withdrawn without notice.
